

PETITION FOR KIMBERLY'S LAW TO THE LEGISLATIVE ASSEMBLY OF THE PROVINCE OF SASKATCHEWAN

We, the undersigned residents of the Province of Saskatchewan, wish to bring to your attention the increase in bullying and violence in our young people.

We, in the prayer that reads as follows, respectfully request that the Legislative Assembly of Saskatchewan to consider:

1. Schools should implement threat assessment protocols.
2. If a young person has been assessed as a potential threat, there should be mandatory counseling and treatment for that young person.
3. Parents should be held civilly liable for the actions of their young people, subject to a "Due Diligence" defense, up to a maximum fine of \$25,000.

Your petitioners respectfully request that the Honourable Legislative Assembly take such action as may be deemed appropriate.
