

TO THE NUNAVUT LEGISLATIVE ASSEMBLY

To the Nunavut Legislative Assembly:

The Petition of the undersigned shows:

“THAT” because of the increase in bullying and violence among our young people:

1. Schools should implement threat assessment protocols.
2. If a young person has been assessed as a potential threat, there should be mandatory counseling and treatment for that young person.
3. Parents should be held civilly liable for the actions of their young people, subject to a "Due Diligence" defense, up to a maximum fine of \$25,000.

Therefore, the undersigned ask the Nunavut Legislative Assembly to urge the Government of Nunavut to introduce to the Legislative Assembly a bill, to be called “Kimberly’s Law”, aimed at eliminating bullying and violence among our young people.
